

# ROLLE

Volume 5, Issue 1  
May 2003

A Special Message from

Commissioner Dorrin D. Rolle

I would like to thank each and every one of you for extending my contract to serve for another four (4) years. My staff and I will continue to be accessible to all of our constituents in bringing Government closer to the people. I am delighted to share with you another edition of the "Rolling with Rolle" newsletter which gives you a visual glimpse of some of our accomplishments since my September 2002 re-election.

Through the hard work of my office staff, as well as county staff, we can look back to many successes in District Two and shall look forward to more accomplishments in the future.

I have been deemed the "listening Commissioner" by my colleagues and constituents. Many of the accomplishments would not have been possible without listening to you and having your support in getting projects completed.

On March 27, 2003, a tornado touched down in parts of District 2 and many homes were damaged and destroyed. One constituent lost his life. My heartfelt sympathies and prayers have gone to the family of the deceased and all families that suffered damage to their homes. After the storm, county staff and I went to the devastated area to assess the damages and provided the necessary services that were needed. Because of that assessment, I created legislation to coordinate relief efforts for the victims of the tornado. I am happy to report that

the residents of the area will be receiving assistance from FEMA. On April 5th and 12th, your commissioner, along with Sysco Food Services of South Florida hosted a free food giveaway for the residents affected by the storm. County Departments such as Team Metro, Solid Waste, Public Works, Office of Commissioner Dennis Moss, Office of Commissioner Joe Martinez and a non-profit organization named HOPE Relief assisted in donations and services.

In the Northeast part of the district, we broke ground on the Rucks Park drainage and pump system to alleviate some of the flooding problems. The estimated cost of the pump station is \$1.2 million dollars. Additionally, Arch Creek drainage and pump systems in North Miami will break ground in the near future. The estimated cost of this project is \$4.8 million dollars.

When I was appointed by the late Governor Lawton Chiles, the HOPE VI project was initiated by the prior Commissioner. After taking office, concerns were raised about HOPE VI and its impact to the community. Because of these concerns, through legislation, I directed the County Manager to coordinate the construction and rehabilitation of 150 affordable homes to be purchased by the residents of Scott Carver public housing development. Additionally, I created legislation to provide additional public housing units in the new development of HOPE VI. I also created legislation requiring private landlords and affordable housing developers to participate in federal subsidized housing programs through Section 8. The benefits of the HOPE VI project impacted the surrounded areas through a neighborhood beautification program which I supported in conjunction with the Miami-Dade Housing Authority. Sidewalks were laid in the area at the cost of \$300,000.

An ordinance that I sponsored, amended the county code as it pertains to the restoration of right-of-ways.

Contractors can no longer leave unfinished construction work on right-of-ways without being imposed a \$500 fine per day from Miami-Dade County.

I was very proud to sponsor a resolution re-naming NW 24th Avenue from 95th Street to 103rd Street as the Rev. Cleo O. Albury, Jr. Avenue.

Miami-Dade County was awarded through FEMA funding up to \$200 million dollars for dredging and hauling work. I fought hard to ensure that small disadvantage haulers were provided an opportunity to work and partake in this large contract. This effort allows those small business owners to provide for their families and reinvest back into the community.

I would like to dedicate this edition of "Rolling with Rolle" to all of the armed forces personnel protecting our country in Iraq. My prayers go out to the family of our fallen and wounded soldiers. They are this country's real HEROES.

I will continue to be your strong advocate in County Government and listen to your concerns in creating a better quality of life for the constituents of District Two. I remain yours for a better community.

A handwritten signature of Dorrin D. Rolle in black ink.

Commissioner and wife "Judge Judy" with grandson, Brian, at the Martin Luther King, Jr., Annual Parade, January 20, 2003.

# Townhall Meetings

**NW** Commissioner Rolle hosted two town hall meetings to discuss capital improvement projects in District Two. The first town hall meeting was held at William Turner Technical High School where over 200 constituents were in attendance. Commissioner and several county staff personnel shared the status of all capital improvement projects within District Two.

**NE** The second meeting was held at Sable Palm Elementary School in North Miami Beach. Over 60 residents were present. Commissioner Rolle and county staff discussed the update of capital improvement projects in the North Miami Beach area.

*Roosevelt Bradley, Director of Miami-Dade Transit, shared updates of transit services in the North Miami Beach area.*

*Assistant City Manager of North Miami Beach, Mr. Kelvin Klopp, was present to welcome the Commissioner and the constituents.*

# ROLLING OUT LEGISLATION

It's been a very busy year so far. We are working hard to bring jobs and opportunities to residents of District 2. With the support of my fellow colleagues, we passed cutting edge legislation, to employ residents of our district in capitol improvement projects sponsored by Miami-Dade County.

- Rolle directs the County Manager to coordinate the construction and rehabilitation of 150 affordable single-family homes for purchase by the residents of Scott/Carver Public Housing Development relocated as a result of the Hope VI Initiative.
- Rolle creates legislation to provide additional public housing units to the Hope VI development.
- Rolle creates legislation to reserve all redeveloped or rehabilitated public housing units in the Hope VI target areas for families relocated from the Scott/Carver Public Housing Development.
- Rolle creates legislation requiring the development and implementation of strategies to encourage private landlords and affordable housing developers to participate in the federally subsidized rental housing program.
- Rolle creates legislation to coordinate relief efforts for the victims of the March 27, 2003 Tornado.
- Rolle creates legislation requiring that contractors performing capital improvement projects costing more than one million dollars in low economic minority communities train and hire members of the community to work on the project.
- Rolle creates legislation that protects property owners by imposing a \$500 per day fine on contractors that do not restore property to its pre-existing condition after performing public works projects.
- Rolle creates legislation requiring voter identification cards to be mailed at least twenty-one days prior to book closing date for the next county wide election so that voters, no longer on the voter roll, will have time to re-register.
- Rolle creates by ordinance the North Central Dade Municipal Advisory Committee to study the feasibility of incorporation or annexation of the unincorporated areas of North Central Miami Dade County.
- Rolle honors Reverend Cleo O. Albury by renaming 24th Avenue.
- Rolle creates the office of Public Health Trust Internal Auditor.

**I look forward to serving you and setting policy for our community that will empower us to a better quality of life for our families.**

## Commissioner Dorrin D. Rolle Sponsors Ordinance Creating Community Workforce Program

Initiative designed to help low-income residents gain employment in capital construction projects

On January 23, 2003, the Board of County Commissioners passed the Community Workforce Ordinance sponsored by Commissioner Dorrin D. Rolle that is designed to help low income residents gain employment on various capital construction projects located in designated target areas throughout the county. The ordinance ensures the hiring of qualified individuals residing in communities where capital improvements are being made. This ordinance is an extension of the Clearinghouse Resolution sponsored by Commissioner Rolle

and approved by the Board of County Commissioners in 1998. This ordinance will have a significant impact on the county's unemployment rate because it will increase the job opportunities for underserved residents and underdeveloped communities," said Commissioner Rolle. "For once, residents in these areas can take pride in knowing they will become part of a well-qualified workforce". The first step in bringing the ordinance to fruition will be to get residents trained to perform the various types of work needed for these projects.

The Community Workforce program is an attempt to improve the economic condition of all communities traditionally underserved, with unemployment figures in Miami-Dade County exceeding the national average. Additionally, it is an effort to ensure that public dollars expended for capital improvement projects, benefit residents of the affected communities. This program does not preclude the applicability of other local programs and ordinances, including responsible wage and benefits.

## Commissioner Economic Development Plans Created Jobs in the Inner City

Commissioner Rolle has done a tremendous job in creating jobs in District Two. Through his efforts, the Board of County Commissioners adopted a resolution which makes it possible for African American trucking firms to haul away sludge from 11 major canals, which will be cleaned and dredged. Cleaning and dredging contracts awarded under this resolution have the contractual obligation to allow minority firms to be mentored under the County's Hauling Contracts.

Under Commissioner Rolle's leadership and support, the Commission voted to provide opportunities for all qualified community contractors to

participate on County contracts to the maximum extent possible. Such participation is beneficial to the local economy and to the citizens of Miami-Dade County.

This is the first time Black trucking firms will enjoy this level of participation, which will certainly boost the local economy of the group. Commissioner Rolle envisions that this mentoring program will enable black truckers the opportunity of purchasing and owning their own trucks. The trucking firm will hire drivers directly from the community. This way, the inner city community will feel the economic stimulus.

# COMMISSIONER DORRIN D. ROLLE SPONSORS ORDINANCE AMENDING RIGHT-OF-WAY CODE

On Thursday, February 20, 2003, the Miami-Dade Board of County Commissioners passed an ordinance sponsored by Commissioner Dorrin D. Rolle amending the county code as it pertains to the restoration of right-of-ways. The county will impose a \$500 per day civil fine for

failure to restore right-of-ways to their preexisting conditions within 45 days of completing construction. "This ordinance is not intended to impede the efforts of construction contractors but the time has come when their work needs to be regulated and our

residents need to know that their property will be restored in an expedient manner," said Commissioner Rolle.

The fine will be imposed on any person, corporation, partnership, association, county department or other legal entity that has performed

any construction or public work within an existing right-of-way, including sidewalks, curbs and gutters and has not restored it to its preexisting condition or better.

## Capital Projects District 2

## HOPE VI Beautification Program

### hailed as a success

The HOPE VI Beautification Program assists low- and moderate-income residents living in the area surrounding the Scott Homes and Carver Homes communities with the opportunity to revitalize their properties with exterior painting and landscaping. Funding of \$1 million for the Beautification program came from Miami-Dade County's Surtax program. In addition, homeowners in need of extensive renovation are eligible for loans up to \$20,000 from MDHA.

The program has provided a needed boost of employment and economic contribution to the community surrounding the Scott Homes and Carver Homes area, which are being revitalized under the HOPE VI program. It services an area bordered by NW 79 Street, NW 65 Street, NW 17 Avenue, and NW 22 Avenue.

Many residents in the area have given the program rave reviews. "It's a good program to help the community, and I'm glad that I was able to have my home painted because this is the home that I live in; the home I bought from my great-grandfather. It was important for me to keep it looking neat," said Ava Johnson-Garner, a local resident whose home was recently repainted.

Several local businesses have prospered since the program's inception. Among them is Darc Painting Inc., owned by David Robinson. The timing of the program couldn't have been better for him. "The year-and-a-half prior to joining the HOPE VI revitalization program, business was slow. I started working with H.J. Russell &

Company in August 2002. Between August and December 2002, I grossed \$75,000 The HOPE VI

Beautification Program saved my business." Due to the opportunities that the program has provided, Robinson has hired two additional workers.

Similar sentiments were echoed by Phyllis Carswell, one of the partners of Thomas and Carswell Inc., a local landscaping company. She believes that this program provides a win-win situation for area residents.

Recently, this program was recognized by the members of the Miami-Dade Board of County Commissioners. MDHA, H.J. Russell & Company, the program managers, and the Black Business Association were given certificates of appreciation for their work on the HOPE VI Beautification Campaign at a presentation March 13 in the BCC chamber.

"I want to make sure we acknowledge some individuals who are helping revitalize depressed areas within our communities," said Commissioner Dorrin Rolle during the ceremony. "These individuals and groups are beautifying the community surrounding the Scott Homes and Carver Homes in a great way.

Liberty City does not look the same; they are out there doing a great job."

MDHA Director Rene Rodriguez, John Dixon and Al Duffie of the Black Business Association, and H.J. Russell & Company representatives Jerome Russell, Paul Perdue, Jay Shavin, Nekeisha Roach, and Reggie Burton, were among those who received Certificates of Appreciation in recognition of their contributions to the community. Neil Hall of Architects Hall Inc. was also present at the event.

"This award shows the depth of commitment of our County Commissioners to ensuring that we improve the lives and living conditions of those residents living in and around the Scott Homes and Carver Homes communities," Rodriguez said. MDHA presented Commissioner Rolle with a hard hat that read "Governor Rolle" as a token of his cooperation and work in the community.

In addition to the officials from MDHA, H.J. Russell & Company, and the Black Business Association, several local developers and residents from the area also attended the presentation at the commission chambers. These included Norman Newkirk of South Florida Landscape, Inc.; Ulysses Johnson of Sir Flowers, Inc.; Barry Williams of Stewardship Painting, Inc., and Tony Whitely of Mr. T's Lawn and Land Service, Inc. Residents who attended included Francis Howard; George Whitehead and his wife, Louise; Ralph Rowe; Charley Mitchell; and Patrice Hudnell.

# Capital Improvements *and more improvements!*

Commissioner Rolle is rolling through District two making sure that capital improvements, which he promised, will in fact be completed. He held several ground breaking ceremonies to kick off this important venture. Some are pictured below:

*7th Avenue Water, Sewer & Drainage Project*

*Improvements of Community Park*

*Street Paving at Westview*

*95th Street Beautification Project*

*30th Ave. Street Paving Project*

Another very important project, the Arch Creek Estates Drainage Project No. 693127Q, will begin in late May, 2003. This project will include the construction of two pump stations, along with the installation of new drainage structures (catch basin, pipes, wells) and a wetland area. The ground breaking ceremony for this project will be scheduled in mid-May.

*and more  
improvements!*

*Commissioner Rolle, Pastor Carl Johnson, Pastor of 93rd Street Baptist Church, and residents of 93rd Street participate in groundbreaking ceremony of a well needed drainage project.*

*Councilman Jacques Despinosse, North Miami*

*Irma J. Plummer, City Manager, North Miami*

*Commissioner Dorrin D. Rolle, District 2*

Commissioner Rolle host Ground Breaking Ceremony in North Miami for the Rucks Park Pump Station, located at NE 138th Street and 4th Avenue. The residents of the community have waited a long time for the station and applauds the Commissioner for making this possible. "He keeps on doing great things", said one constituent. Some of the residents who participated in the ceremony were: Pennie Valentine, *Executive Director of the Chamber of Commerce of North Miami*; Myrna Povilack, *Board Member of the Central North Miami Homeowner's Association*; Joann Moore, *President of Brookview Condominium*; Irma J. Plummer, *City Manager*; Jacques Despinosse, *Councilman*; Pete Hernandez, *Assistant County Manager, Miami-Dade County*; and departmental staff of Parks, Public Works, and DERM of both North Miami and Miami-Dade County.

*Commissioner Rolle and others at the Groundbreaking of Rucks Park Pump Station, North Miami*

# Street Naming

Commissioner Rolle honors two legendary Pastors by naming streets after them.

## Rev. Dr. Arthur L. Jackson Jr., Boulevard

*N.W. 95 St. from NW 7th Ave to NW 27th Ave.*

Commissioner Rolle commented, "Rev. Jackson, former Pastor of the New Shiloh Missionary Baptist Church, was an outstanding Pastor who was concerned about the total welfare of his people and Miami-Dade County as a whole. He and his family deserved this honor."

*Commissioner Rolle unveils...*

*Commissioner Rolle congratulates...*

## Rev. Cleo O. Albury Jr., Avenue

*NW 24 Ave. from NW 95 St., to 103 St.*

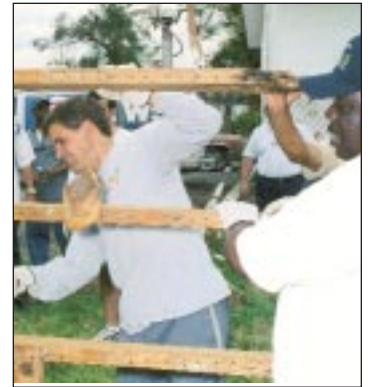

"Rev. Albury, Pastor Emeritus of Bible Baptist Missionary Baptist Church, is an outstanding individual who has done right by this community in serving others and most importantly, in performing the Will of God", Commissioner Rolle commented. State Representative Dorothy Bendross-Mindigall was also present.

*Pastor Albury is joined by his immediately family, members of his church and numerous friends.*

# District 2 Responds to Liberty City Tornado

On Thursday, March 27, 2003, a tornado touched down in Liberty City creating damages estimated over 14 Million Dollars. Many homes were badly affected by this tornado. Commissioner Rolfe, joined by Miami-Dade County Mayor, Alex Penelas, reported to the area immediately after the tornado hit and began to work with others to clean up the disaster area and to provide emergency services.

## Food, food, food distribution....

Commissioner Rolfe, Sysco Foods of Miami and Hope Relief Ministries, a feeding arm of A Place Called Hope, Rev., Duane Swiley, Pastor; Deacon and Deaconess Calvin Scott, Founders, (for four weekends) provided food for the residents. Commissioner Rolfe's Staff, Team Metro, Solid

Waste Management, Officer Roan and other Officers of the Community Service Department, Miami-Dade Police Northside Station 2, assisted the Commissioner in serving the residents. Also assisting was Rev. Mark Coates from the Mayor's Office, Alpha Maschack from Code

Enforcement, Carolyn Boyce, from Steven Manors Homeowners' Association, her Mother, Beulah Humphries and neighbor, Ruthie Hicks. Over 800 residents were served through Commissioner's efforts.

## *Tonya Mitchell* Postal Employee

On March 5, 2003, Commissioner Rolle honored and presented a Plaque to Tonya Mitchell for her unwavering faith, courage, tenacity and fortitude which she demonstrated to all America as she drove through the Carol City neighborhood in her mail truck while being held hostage. Also honored were some of the police officers who rendered outstanding professionalism and wisdom during this scary moment. Pictured with Tonya below is her Mother, her Aunt, and her Pastor, Rev. Randall Holts.

Police officers honored are Major Willie Marshall, Carol City District; Captain Louis Battle, Special Patrol Bureau (SRT Commander); Lieutenant James B. Wright, Carol City District; Sgt. Timothy Adams, Miami Lakes; Sgt. Michael Laurent and Officer Terence White, Carol City District.

## Willis A. McGahee III

Commissioner Rolle honors Willis A. McGahee III, former running back of University of Miami, who signed with the Buffalo Bills in the first round pick of the 2003 NFL Draft. Also pictured with McGahee is his Father, Willis A. McGahee, Jr., his Mother, Jannie Jones, and his friend, Vivian.

*Commissioner Rolle Honors Dr. Shirley Johnson for outstanding services to the community and for her new appointment as acting President of the United Teachers of Dade. Dr. Johnson has certainly served this community well and is most deserving of the recognition she recieved and the position which she holds.*

Comissioner Rolle invited the finalists for the 2003 Principal of the Year Award to the Commission Chambers be to honored for their outstanding professional services to their school. Nominatees were: Dr. Ronnie L. Hunter, William H. Turner Technical Arts High School; Janet S. Hupp, Palmetto Senior High; A. Louise Harms, North Twin Lakes Elementary; Mattye Jones, Lorah Park Elementary; Mona Bethel Jackson, Richmond Heights Middle; Arlene C. Ortenzo, Ruth K. Broad Bay Harbor Elementary; and Ellery R. Brown, New World School of Arts. Those who were present are pictured below from left to right: A. Louise Harms, Mona Bethel Jackson, Ellery R. Brown, Mattye Jones and in the back row, is Dr. Ronnie L. Hunter. Also pictured with Commssioner Rolle are Commissioners Dennis Moss and Jimmy Morales.

*Principal of the Year finalists.*

### **Commissioner Rolle Honors New Birth Baptist Church Optimist Saints Pee Wee Division National Champions**

He congratulated Bishop Victory T. Curry, Pastor of New Birth Baptist Church, the coaching staff and the football team for their outstanding season. He recognized Head Coach Lloyd Green for his outstanding leadership and praised coaches Timothy Griffin, Johnnie Jones, Brandon Luster, Henry Noel, Timothy Paulk, Sr., and Robert Williams, for their assistance. Commissioner Rolle presented a plaque to the optimist and Certificates of Appreciation and watches to each player.

*New Birth Optimist Saints National Champions*

*Commissioner honors serveral women for their outstanding services to the community. They were recognized during the International Women's Month, March 2003.*

**Dorrin D. Rolle**  
Commissioner, District Two

*It is the mission and purpose of this Commissioner to offer the constituents of District Two outstanding professional and efficient services with compassion and commitment.*
